

## BUILDING TRUST WITH OUR QUALITY WORK

N2 Construction, Inc. is a family owned and operated business based out of Missoula, Montana. We specialize in providing construction management for residential and light commercial projects across the Northwest. If you are looking for a personal touch, look no further. With over 30 years of experience in construction we have the expertise to bring your dreams to life.

## THE BASICS DONE WELL

**NORTHWEST COMMUNITY BUILDERS**

Our goal is to deliver attainable housing for Missoulians. We accomplish this by being part of a vertically integrated collaborative that allows us to control each element of the housing production function from land development to the provision of labor and materials. The result is quality homes, built through an effective, efficient, and timely process making them attainable to our customers.
